Welcome To CAMP BB!

MESSAGE FROM BOARD CHAIRS

For over 50 summers, Camp BB-Riback has been like a second home to many of us and our children. Camp BB-Riback continues to provide an excellent summer experience in a magical setting on Pine Lake. Camp's programs thrive for two months each year, as campers and staff create memories that last for a lifetime. The buildings and facilities at Camp have served generations of campers, and have helped in creating those memories.

Camp BB-Riback is currently undertaking an initiative to renew the buildings and facilities at Camp BB-Riback to ensure that current and future generations will have the opportunity to live the magic. A few years ago, the Camp BB-Riback Board, with generous support from the community, replaced the cabins in the LTP Village. The new cabins in the Village provide comfortable and safe accommodations for our campers and staff. In our initiative of renewal, we have now turned our sights to refurbishing the camper cabins.

Steven Shafr and Geoff Sky
Camp BB-Riback Board Co-Chairmen

When Camp BB was first built nearly 60 years ago, the cabins that the campers lived in were the best that could be built for a summer camp. Having a roof over your head, a warm bed to sleep in that was dry and out of the elements was not all that common. Camp was dedicated to providing state of the art facilities to its campers and staff.

Now, many decades years later, 15,000 pairs of little feet and hands, and our harsh Alberta winters have worn down those cabins and they are in dire need of replacement. It's time to update the cabins to a modern version that will offer a more practical, safe and secure living environment for our children. These new cabins will come completely furnished with new beds, mattresses and clothing storage. The plan is for each building to be updated, including the structure, the electrical, the ventilation and the insulation. Everything that the campers will need to ensure a warm, dry and safe environment will be included in these new cabins while maintaining the true essence of Camp BB-Riback. This is a massive, but required, undertaking.

With your financial assistance, we look forward to providing the camp community with updated cabins. We look forward to making the next 55 years as good as the last.

DID YOU KNOW?

- In the past 10 years, camp has raised and spent over \$1 million on major capital improvements.
- Now, we aim to raise enough money to completely refurbish our children's living quarters.
- Each new cabin costs \$20,000.
